MD 1982

PROFILE

Many husbands are at a disadvantage of how to be the family leader that God intended for them to be due to the historical cultural values

and demands that society has placed on men in our communities. As a result, many marital challenges are a result of couples not understanding how to integrate their values and varying life experiences into their marriage. The marriage seminar benefits include:

- ✓ Husbands learning how to be the team leader
- ✓ Learning how to increase positive communication
- ✓ Reducing financial disagreements
- ✓ Learning how to build a Godly marriage
- ✓ Learning how to develop a greater bond between the husband and wife
- ✓ Learning the root causes of a dysfunctional marriage
